#### Presidential Campaigns Energy Debate

In E&ETV's exclusive video coverage of the MIT Energy Initiative's Presidential Energy Debate, campaign surrogates Joseph Aldy, representing President Obama, and Oren Cass, representing GOP contender Mitt Romney, debate the future of federal energy policy and incentives, unconventional oil and gas, coal, and climate policy. [Click here to watch the debate.](#)

EnergyWire -- Fri., October 12, 2012 -- Read the full edition

#### 1. HYDRAULIC FRACTURING: EPA report defends Pavillion water testing methods

U.S. EPA scientists are defending the methods they used to test a key well in the Pavillion, Wyo., hydraulic fracturing water contamination investigation. The agency released results Wednesday from a second round of testing done in April. It said those results are consistent with its preliminary December 2011 report finding that there was fracturing fluid in groundwater in the Pavillion area.

#### THIS MORNING'S STORIES

2. GULF SPILL: Senator wants to see recent BP video of stricken well
3. LNG: 'Intensely competitive' global market could limit North American export projects -- report
4. OIL SANDS: Some pollutants found in Athabasca River Basin are naturally occurring -- research
5. WORKFORCE: Oil, gas and mining sector leading U.S. wage growth
6. LNG: China's shift to piped gas threatens export projects
7. NATURAL GAS: Why are rig count, production no longer linked?
8. FINANCE: Energy trusts are emerging trend in cross-border investment
9. CANADA: Ontario signals willingness to support Alberta oil sands
